# GAMES

## How to Score:

Each card has a color indicator and a scoring guide.

- Red beats Green
- Green beats Blue
- Blue beats Red

If you and your friend draw the same color, the older creature wins

## Rock, Paper, Scissors

- You and a friend each choose one card secretly, keeping it hidden.
- Count to 3 and flip over your cards.
- Refer to the yellow box above to see who wins.

## Rock, Paper, Scissors, War!

Play this when you have several cards. Make sure you write your name on your cards so you can get them back at the end of the game.

- Mix up the cards and divide them evenly between 2 players.
- Place your stack of cards face down on the table.
- Each player draws the top card on their stack and flips it over at the same time.
- If you have the same color, the oldest creature wins.
- If your creatures are the same age then you go to war:
  - To go to war, add 2 cards face down from the pile, then play 1 more card face up.
  - If you have the same color, the oldest creature wins.
  - If you tie again go to war until there is a winner.
- The winner adds both cards to their win pile. Play until you run out of cards. The player with the most cards in their win pile wins the game.

# READING TRACKER

How to collect cards:

- Mark 1 square on the tracker for each day you read.
- Once you've completed 4 days of reading (a full row), you can bring your tracker to the Library and pick out your cards!
- For each row you complete, you will get a set of 4 matching cards: an egg, baby, teen, and adult creature.

- You can only earn 4 sets of cards each month, but don't let that stop you from reading!
